WorkAbility IV Success!

In 2015-16, Workability IV served 167 students and alumni. Since then, 35 students have graduated from SDSU and are now employed!

Name: Ezra B.
Major: Kinesiology
Graduation year: 2015

I am doing very well at the YMCA... My experience in the WAIV program was like starting on a journey overcoming several obstacles and taking the course of action to get to the top of the mountain. The program really put me in the right direction and having the persistence and being motivated made it possible for me to land a job at the YMCA. I am currently working on my NASM-CPT certification. If there was quote it would be this, "Be who you are and always keep on striving towards success."

How do you social media?
