The Intercollegiate Athletic Council (IAC) is an all-university advisory body to the President on varsity intercollegiate athletics. It is composed of Senate- and President-appointed faculty, staff, students, and community members as well as ex officio members of the Department of Intercollegiate Athletics. The IAC focuses on four areas related to the Department of Intercollegiate Athletics: budget and finance; gender, diversity, and student-athlete welfare; student-athlete academic integrity and success, and compliance of NCAA policies.

This past academic year, the IAC met four times; October 11, November 29, February 14, and April 17. Professor Fred Kolkhorst served as chair.
