
**Research, Professional Development, and
Research on Professional Development in
Mathematics Education**

Paola Sztajn
Professor of
Mathematics Education
North Carolina
State University

**Friday, January 26, 2018
12:30 – 1:30 pm**

6475 Alvarado Road, Suite 128

RSVP: crmse@mail.sdsu.edu

Abstract: Building on Paola Sztajn's own research on professional development and the findings from the chapter on research on professional development in the new NCTM's *Compendium for Research in Mathematics Education* (2017), this presentation discusses current trends and what is known about teacher professional development in mathematics. Areas for future research will also be considered.
