Contact Persons: *Karen Cadiero-Kaplan & Sascha Longstreth, Co-Chairs* SDSU College of Education, Dean's Office

NOTE: All proposals currently in the department- or college-level queues should be reviewed and, if approved, advanced to university-level review **no later than September 30, 2015**. Please note that all users can access current items in their queue at any time. The September 30th deadline is necessary so approvals can be completed in time for the 2016-2017 catalog production and to ensure all proposals are reconciled. In order to mitigate curriculum committee reviewers¹ confusion, the intent is to make sure this year's proposals are not combined with next year's proposals. With the September 30th deadline met, CurricUNET will be available for new proposal submissions beginning October 1, 2015 for the 2017-2018 *General Catalog* and *Graduate Bulletin*.
