

How To Find an Internship

The most successful internship searches use a number of search strategies and resources. Career Services has many resources to facilitate a successful internship search including [Aztec Career Connection](#), [Career Fairs](#), and [Workshops & Events](#) throughout the year to help you connect with employers.

Resources for a Successful Internship Search

Log into [Aztec Career Connection](#) to search for internships and use the [How-To Guide](#) for search tips
[Department Internship Contacts](#) assist with internship requirements for majors

Career Services [Internship Resources](#) includes a list of internship websites

Check out [Special Internship Opportunities](#)

Attend [Career and Internship Fairs](#)

Visit the [Career Services Resource Room](#)

Propose your [own internship to an employer](#)

Importance of Networking

Networking is key to a successful internship search. Create a [LinkedIn](#) account and connect with employers, faculty, friends, and family. [Check out 10 tips](#) for building a great student profile on LinkedIn!

Internship Search Timeline

It is never too early to start searching for internships.

Many employers start as early as the fall semester recruiting for summer internship positions.

Other internships may fill any time of the year. Make sure to use internship resources: attend [Career and Internship Fairs](#) and search on Aztec Career Connection. There are internships for every class level, from freshman to senior. Read [Climb to Your Career in Four Years](#), a [NACE](#) article that outlines career success tips for each year. Don't wait! **Start looking now!**
