2. **Minutes (Goehring)**

   MSP Approved minutes of May 7, 2013, as corrected.

3. **Announcements (Osman)**

4. **Academic Affairs (Marlin)**

   There are 67 tenure/tenure track searches that are finally moving forward. This is a result of alternative revenue, not from state revenue. The Education Dean Search Committee will be readvertising the position. Enrollment update: on target 100.1% FTE of target. We are 26 FTE over our target; will change after census. Strategic plan: working groups have been formed to implement plans. College townhall meetings will take place to discuss plan and to take comments, ideas, questions and answers. CFA and CSU have agreed on faculty salary increases (not by % but flat rate dollar amount; $960). Legislative update: MOOCS bill died, but will likely resurface. SB440 (son of SB1440) has been modified; community colleges will do TMC for every major, improved from earlier version. Convocation: – Faculty and Staff; Student and new family convocation (over 8000 people attended!)

   Study Abroad: 1810 students (big increase from last year)

**Discussion:**
Putnam: How is money from Prop 30 dispersed?
Marlin: The money gets put into a pot and PBAC will make recommendations. There are mandatory costs incurred by a 10% increase for health and retirement benefits. There are alternative revenues we are earning ourselves.
Putnam: What about enrollment?
Marlin: Pot will fund new faculty searches, which is supported by Academic Affairs.

5. SEC Report (Osman)
5.1 General Senate Agenda

The Senate Executive Committee moves approval of the Senate Agenda for 2013-14:

1) Monitor and participate in searches

2) Make sense of General Education

3) Discuss how shared governance can be more inclusive at San Diego State

4) Participate in implementing Strategic Plan

Discussion:

Senator Adbel-Nour: Can we add item to address changes to classroom and modality of pedagogy? Can we look at addressing changes in learning contexts. Recommended that we address changes in learning contexts (class size, online education, etc.). Senator Wheeler: Do you also have MOOCS in mind? Yes; Senator Matt: Where do we draw boundaries? How broad, can we constrain? Senator Abdel-Nour: Limit to 3 things: 1) Making class sizes coherent, 2) Create guidelines for how a class moves from face-to-face to online in a way that does not jeopardize quality, and 3) How does it affect writing education? Senator Mattingly: What does #2 mean? Vice-Chair Osman: Read statement from Eadie to Senate. Senator Wheeler: Question directed to Senator Chase – WASC was championing liberal arts and GE is something they pointed out. Senator Chase: We needed to clarify the role of GEs, which led to a GE task force. We need to be mindful about WASC questions regarding General Education. Transparency is needed in this situation.

Senator McClish: Proposed friendly amendment to clarify the nature and value of GE for students. Senator Mattingly: Is there evidence that this is a problem? Vice-Chair Osman: Discussion regarding financial aid and unit limits. Senator Verity: What about the role of the advisor? Is this only directed to students? Senator Snavely: Since this is a general agenda item, we do not need an explicit outcome. However, it may be advantageous to discuss with WASC. Senator Mattingly: Can we assume that the University has broad education in mind instead of parochial in the student sense?

Senator Donadey: Expressed concern over hidden way to do “slash and burn job” against GE. Senator Snavely: Purpose of this is to support and be clear about the value of GE. It is not the intent to look at curriculum. Senator Chan: Added communication to students is important because major courses add to degree. Discussion may add value to those courses, as they are currently unclear to students. Senator Kamper: Where do the goals come from? Will goals be set at any point? Will Senate discuss? Presumes Senate decision in the agenda itself. Senator Esbenshade: More is needed than to simply clarify GEs for students; how can we make classes effective? Senator Snavely: Need to make an amendment, otherwise we can leave it for Eadie. Senator Wheeler: The Senate agenda sets the course for the year. Recommends that GE committee ought to look at this first, then maybe move to Senate agenda. Recommends moving item to GE committee (moved by Senate). Senator Chase: Expressed concern regarding committee overwork. There is tremendous overlap with WASC regarding goals of education, learning contexts, etc. Stated apprehension about handing off to
the committee. Instead, would like to propose leaving the issue on the Senate agenda since they are not marching orders. Groups can mull the issue over and bring back to Senate.

**Senator Wheeler:** This is a vague statement; now that it’s been clarified about the value of liberal arts and GEs, the issue should be moved to a specific committee. Recommended creating an ad hoc committee. **Senator Snavely:** Having this issue on the agenda gives us the directive to discuss which committee it should go to, and stimulates us to discuss the issue in general.

**Senator Verity:** We can bring this issue back anytime; no reason to not move forward. Motion is denied to move off

Agenda is approved

### 5.2 Disability Access and Compliance Committee

**Action:**

To insert the following Senate-appointed committee into page 65 (and associated committee charts) of the University Policy File:

**Disability Access and Compliance Committee**

1.0 **Membership** (15): President, or designee; Provost or designee; Vice President for Business and Financial Affairs or designee (co-chair); Vice President for Student Affairs or designee; Director, Center for Human Resources or designee; Associate Vice President for Facilities Planning & Operations or designee; Chief Information Officer or designee; Chief of Police or designee; Director, Office of Employee Relations & Compliance; Director, Contract and Procurement Management; Director, Student Disability Services (co-chair); one faculty member selected by the University Senate; two students (one graduate, one undergraduate), selected by Associated Students, one staff member, selected by the Staff Affairs Committee with concurrence of the University Senate.

2.0 **Functions:** The committee shall discuss, monitor, and evaluate campus-specific issues relating to compliance with Executive Order 926, or its successors, and applicable federal and state laws and regulations.

**Rationale**

Executive Order 926 was issued in 2004, and one of its provisions mandated the establishment of this committee. The committee was established, but it was never proposed for inclusion in the University Policy File and the faculty and staff representatives, while recruited for membership, were never confirmed by the University Senate. Inclusion of this description (which follows the provisions of EO 926 and whose membership reflects the current composition of the committee) will prompt the senate’s Committee on Committees and Elections to monitor the faculty and staff membership of this committee and will rotate that membership as appropriate.

**MSP** The Senate approved adding the DACC to the Policy File.

**Discussion:**

**Senator Donadey:** In regard to the religious studies course: When it says America, does it refer to Latin America/Canada, or simply the U.S.?
**Senator Moore:** Doesn’t the description clarify the reference?
**Senator Donadey:** No, and there is a colonialist tendency to use America to mean United States.
**Senator Moore:** I didn’t write description, but it’s common to do that. Should I take it back to the committee to discuss?
**Senator Donadey:** Not necessary, but in general, it would be nice for course naming to take that into consideration.

**MP** To approve above GE courses.

9. **New Business: Consent Calendar (Committee Reports)**

A representative from each division presented their requests and there was an opportunity for questions by the committee. ARP supported the divisional requests. PBAC voted on this item June 13 and the President accepted the committee recommendation on June 28, 2013. 9.2 ASCSU (Ornatowski)

Information:

Various items

• SB 440 (Padilla) passed the senate on August 6; however, the language changed enough since its inception to be more acceptable to the CSU.

• SB 520 (Steinberg) (the “MOOCS bill”) was defeated on the senate floor, but is “waiting in the wings” to be perhaps revived next year.

• Academic Technology Director Gary Henley gave the ASCSU a depressing presentation on “Libraries of the Future,” all focused on “deselection” according to patterns and frequency of use of books (it appears that the more popular items will thus will become more popular and the less popular will vanish, so the library will be in effect a repository of the most “popular” stuff).

Resolutions

At the May 15-17, 2013 ASCSU plenary, twenty five resolutions were passed.

In addition to nine resolutions commending retiring senators, seven resolutions were passed without a second reading due to their urgency/timeliness:

AS-3125-13/FGA Conditional Support for SB 547 (Block): Public Post-Secondary Education: Online Courses
Supports the bill and commends the author’s intent while recognizing that the CSU faculty are already engaged in the activities called for regarding online education.

AS-3126-13/ APEP Commendation of the Undergraduate Science Education Project: Preparing Future Elementary Teachers for the Next Generation Science Standards
Commends the S.D. Bechtel, Jr. Foundation, the project work group, participating CSU faculty, and Chancellor’s Office leaders for the contributions to this very important and successful project.

AS-3127-13/AA A Call for the Equitable Visibility of All Online Degree Programs Offered by CSU Campuses on the Calstateonline.com and Calstateonline.net Websites
Calls for listing all online programs and that there be no charge for listing state-supported programs.
AS-3128-13/FGA In Support of SB 241 (Evans): Oil Severance Tax Law
Supports the bill due to its potential to provide additional funding for higher education, despite the Governor’s apparent opposition.

AS-3129-13/APEP Commendation of Assistant Vice Chancellor Beverly L. Young for Her Activities in Common Core State Standards (CCSS) and Smarter Balanced Assessment (SBA) Development

AS-3130-13/FGA SB 440 (Padilla): Public Post-Secondary Education: Student Transfer Achievement Act, Oppose Unless Amended
Expresses continued support of the goal of SB 1440 of improving transfer but opposes SB 440 due to likely unintended consequences of its provisions that would in fact work against those goals.

AS-3131-13/AA A Modified Process for Approval of California State University/University of California (CSU/UC) Joint Doctoral Degree Programs
Requests that the CSU/UC Joint Doctoral Board charge be adjusted to avoid unnecessary duplication of effort.

Nine resolutions were passed following their second reading:

AS-3116-13/EX Academic Senate of the CSU Calendar of 2013-2014 Meetings

AS-3117-13/FA Change to the Bylaws of the Academic Senate Section 4d(2) Charge to the Faculty Affairs Committee

AS-3118-13/FGA AB 386 Conditional Support for AB 386 Postsecondary Education: Cross-Enrollment in CSU Online Courses
Supports the bill while listing ongoing concerns. It also commends the author for working collaboratively with the ASCSU during the amendment process.

AS-3119-13/AA Clarifying the Changing Expectations for General Education.
Requests that a joint task force (between the ASCSU and CSU Chancellor’s Office) be established to address the movement towards outcome-focused assessment, greater alignment of co-curricular activities with learning outcomes, and the need for systematic assessment of GE through program review, and requests a preliminary report at the September 2013 ASCSU meeting.

AS-3120-13/EX Re-instituting the Annual CSU Academic Conference
Refers to a prior resolution confirming the value of the annual CSU Academic Conference to shared governance within the CSU.

AS-3121-13/FGA In Support of AB 387 (Levine): Public Postsecondary Education: California State University: Online Education
Reverses the original intent of the resolution opposing the bill because of the deletion of troublesome provisions. Supports the periodic assessment of online programs and commends the author for working closely with the faculty to perfect the bill.

AS-3122-13/AA Reaffirming the Importance of Graduate Programs and Access to Those Programs
Focuses on the preservation of State University Grants (fee waivers) for graduate students.
AS-3123-13/AA Enhanced Support of Student Mental Health and Counseling Services

Supports EO1053 dealing with student mental health.

AS-3124-13/AA Recognition of Clarification Provided by Executive Order 1047, Extended Education and Self-Support Courses and Programs

Expresses gratitude for the clarification provided by the new EO.

Copies of this and other resolutions can be found at http://www.calstate.edu/AcadSen/Records/Resolutions/. Faculty are encouraged to provide feedback on the above resolutions as well as on any other relevant matters to their academic senators (Bill Eadie, Cezar Ormatowski, Mark Wheeler).

9.3 CFA (Toombs)

Information:

Welcome Back
CFA is pleased to welcome faculty, librarians, coaches, and counselors to the 2013-2014 academic year and to thank all of you for your support during the 2012-2013 academic year. This year, for the first time in many years, the CSU’s budget has been increased, due in large part to the efforts of faculty, staff, and students who helped to pass Prop 30. This initiative, combined with a brightening economic outlook in California, all signal the prospect of a fresh start for the CSU. Additionally, Chancellor Timothy P. White has shown significantly more interest in working with faculty than his predecessor.

Fall Kickoff

Faculty from campuses up and down California gathered in Sacramento August 9-10 to begin preparations for what is shaping up to be another important year in the California State University. “It is the goal of CFA,” CFA President Lillian Taiz told the Fall Kickoff crowd, “that this academic term we finally move beyond the morass of the budget cuts years and achieve significant progress both in our contract and for the quality of education we are able to provide our students.”

Bargaining

Message regarding Reopener Bargaining Agreement, from CFA Statewide President Lil Taiz and Bargaining Team Chair Andy Merrifield:

“On August 23, 2013, CFA and CSU management reached an agreement on reopener bargaining and the distribution of funds set aside by the Chancellor for salary increases. Of the $125.1 million budget augmentation due to the passage of Prop 30, the Chancellor set aside $38 million for compensation. Pending approval by CFA's Board of Directors, Unit 3 members will share a total of $19,234,400.

Given the modest size of this compensation pool and the magnitude of the need among our faculty we thought it best, this one time, to distribute the money as a flat dollar amount General Salary Increase (GSI) instead of as a percentage. The goal is to get at least some money into every faculty member's base salary. We estimate that the raise will be approximately $960 for full time faculty and pro rata based on time base for part time faculty. Our raises will be retroactive to July 1 and we expect that they will be distributed before December 1.

A Q&A on this reopener agreement will be available by the end of the week. If you have any immediate questions please contact bargainingideas@calfac.org with a subject line of "Reopener Bargaining."
In addition to negotiating over salary, the administration made several proposals designed to increase faculty contributions for healthcare. CFA rejected these proposals and made it clear that, given the modest size of the compensation pool and the number of years since faculty have received raises, any discussion of increasing health care contributions was inappropriate at this time.

CFA sees these modest increases along with the payment of Equity Year Two as a small down payment on long-overdue pay raises for our faculty. Now, with reopeners behind us, we must turn our attention to preparing for our next contract. Although the current contract will expire on June 30, 2014, it is our intention to begin bargaining well before this date. Bargaining surveys will be available to you online or in hard copy by mid-September. Your participation in the survey will send a message to the administration that faculty will be paying very close attention to negotiations; the results of these surveys will help the bargaining committee develop its contract priorities.

It is our intention to sunshine our successor bargaining contract proposals in the fall so that we can begin negotiations before the first of the year. When you receive your contract development survey, be sure to fill it out and let your voice be heard.

In union,
Lillian Taiz, CFA President
Andy Merrifield, Chair, CFA Bargaining Team

CFA Contact Information
Please feel free to contact our campus California Faculty Association office at any time if we can provide assistance, whether on a contract rights issue or other matter. Our campus CFA chapter has a Faculty Rights Committee, composed of faculty volunteers, and we are available to talk with faculty colleagues about individual situations and assist in resolving issues. We can be reached at cfa@mail.sdsu.edu or x42775.
